ROLL-A-SHIELD CUSTOMER TESTIMONIAL

3 energy efficient

Windows are one of the main sources of energy loss. It can be expensive to keep your home/business cool in the summer or warm in the winter.

- **INSULATED SLATS** provide almost complete protection from the light and heat of the sun. This is an effective way to shield yourself from the **HEAT** especially in places that hit the triple digits!
- Conversely, in the winter, our shutters will help retain heat in the places you need it most, reducing heating costs.

4 Reduce Noise & Protection from Prying Eyes

Reduction of the level of noise for a more efficient work and comfortable leisure. Reliable protection of your private life and complete privacy in your own home.
