

PELLA® MULTI-SLIDE DOORS

Pella Architect Series® Contemporary pocketing multi-slide door in Charcoal stain.

Open up to a home-defining look.

Invite the outdoors in and the indoors out. Pella multi-slide patio doors stack neatly to the side for a living space that extends beyond the walls. Get both energy efficiency and flexible style with doors that will perform in a variety of climates. And with your choice of the fine, thoughtful details of traditional design or the clean lines of contemporary, create your look with Pella Architect Series multi-slide doors.

Doors that hide away.

Panels stack neatly to help maintain a clean aesthetic when the doors are open, even with several large-sized panels. They can also be pocketed inside of the wall for the most minimal look.

Finish the look.

Choose from a broad range of hardware styles and finishes to create a seamless look across your Pella project. SmartKey Security™ Re-Key Technology allows you to match key locks to other Pella doors.

Handles are flush with the panels to allow them to stack together, with a deeper handle pull for easier opening and closing.

The best limited lifetime warranty for wood patio doors.*

Built to last, Pella aluminum-clad wood patio doors are backed by the Pella Limited Lifetime Warranty.

* Based on comparing written limited warranties of leading national wood window and wood patio door brands. See Pella written Limited Warranty for details, including exceptions and limitations, at pella.com/warranty, or contact Pella Customer Service at 877-473-5527.

Create a sleek design.

Elegant interior finishes.

Complement home décor with an impressive collection of wood interior frames and panels, including rich Mahogany and distinctive Douglas Fir. Pine interiors are available unfinished, primed or prefinished in your choice of 16 stain or paint colors.

Beautiful, long-lasting exteriors.

Customize the exterior frame and panel color, or choose one of 27 standard colors of durable EnduraClad® exterior aluminum cladding. Custom colors are also available.

Built-in peace of mind.

Add integrated Pella® Insynctive® security sensors, and give homeowners the ability to monitor doors from virtually anywhere with the Pella Insynctive mobile app¹ or through a professionally monitored system.

Multi-slide panel sizes range from 20" x 48" to 60" x 117-3/8".
Using 10 door panels, the maximum opening is 48".
Pocketing options available to maximize daylight opening width.
